ENERGY STAR

Highlights

Auto voltage
You must have your netbook charged at all times. The Philips portable netbook power adapter lets you do this all the time, wherever you are. Simply plug it into the mains anywhere with the right tip and straight into your netbook without worrying about adjusting the power to suit your personal netbook.

Fit into your netbook bag
All-in-one "cable and power adapter" design enables you to carry around the portable netbook power adapter.

Cable management
With wraparound cable, the cable length can be adjusted from your need (up to 3 meters). It also enables you to store the cable inside for the best portability.

Fit for Philips netbook bag
The Philips portable netbook power adapter not only fits into your netbook bag, also perfect fit for the Philips netbook bag. Philips netbook bag has a specially designed pocket to carry your netbook power adapter and many compartments to keep your accessories in place.
